Dive into Databases

Join scientists from the Buck Institute and your fellow teachers to explore ways to create engaging classroom projects that address the Next Generation Science Standards. The theme of the workshop will be projects that capitalize on the “Omics” revolution. There will be demonstrations of how to use the content of the “Omics” databases

most relevant to human genetic diseases. Teachers will be given time to plan the content and sequence of learning experiences for new units.

June 13-14 2017

8:30 am - 2:30 pm

Buck Institute for Research on Aging

8001 Redwood Blvd

Novato, CA
